Railroad Engineer

Testifies to Benefits Received From Dr. Miles' Remedies.

THERE is no more responsible position on earth than that of a railroad engineer. On his steady nerves, clear brain, bright eye and perfect self command, depend the safety of the train and the lives of its passengers. Dr. Miles' Nervine and other remedies are especially adapted to keeping the nerves steady, the brain clear and the mental faculties unimpaired.

Engineer F. W. McCoy, formerly of 1223 Broadway, Council Bluffs, but now residing at 5411 Humboldt St., Denver, writes that he "suffered for years from constipation, causing sick, nervous and bilious headaches and was fully restored to health by Dr. Miles' Nervine and Liver Pills. I heartily recommend Dr. Miles' Remedies."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle free, if not cured, money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

EXODUS OF TROOPS

Camp Wikoff Will Dissolve In the Next Three Weeks.

ADDRESSED ROUGH RIDERS

Colonel Roosevelt Extols His Troops For Daring and Gallantry—Soldiers Continue to Be Sent Away From Chickamauga Park—Keeping a List of Wounded and Sick in Hospitals.

Camp Wikoff, Montank Point, Sept. 5.—This great camp will dissolve during the three coming weeks and by Oct. 1, it will have shrunk to slender proportions. The well men, according to the war department's present designs, will leave the camp as fast as transportation can be conveniently provided, probably at the rate of 3,000 or 4,000 a week. The convalescent from the hospitals, instead of being sent again into camp with their commands, will go to their homes. The President, Secretary Alger and General Wheeler had a talk about it Saturday, and although General Wheeler thought the men would do well in camp until Oct. 1, it was determined to continue sending the men away. The regulars taken from the posts east of the Mississippi will, according to the present directions, be sent where they were before the war. The war department has not transmitted the order to General Shafter yet, but it will not doubt be received by tomorrow. The Eighth Ohio and First Illinois will break camp tomorrow. The Rough Riders will muster out toward the end of the week, probably, and will not parade.

Colonel Roosevelt yesterday made a little speech to the Rough Riders, a sort of farewell some of the men took it to be. Colonel Roosevelt complimented the daring and gallantry of the men, their wholesome good fellowship, their skill in managing horses and in the use of arms.

When the regiment was forming, he said, many men had offered themselves who said they were ready to "storm the Moro or fight hell," but would not take kindly to camp routine and drill. All such men had been rejected. The Rough Riders had all the forces of individual strength and in battle were as coherent and effective as a projectile.

General Wheeler said yesterday that Lieutenant Colonel Smart of the medical staff of the army had come to chemically examine the water supplied to the camp. He was at the top of his profession, and would in two or three days be able to give an absolutely authoritative decision as to the purity of the water. People had an idea that the water came from the fresh water pond. General Wheeler said they were mistaken. The water was drawn from wells 200 and 300 feet deep.

Women passing through the camp were displeased by seeing that some tents did not have floors and fancied that the men must sleep on the ground. They were wrong in supposing that, as tents without floors were wooden bunks or thick straw. As for himself, General Wheeler said he liked the camp better every day and would like to live in it until Oct. 1.

The season of September gales is approaching and the war department foresees that the Long Island railway may not be able to move conveniently more than 1,000 men a day. Plans have been partially made to transport troops to New York by water if it should be advisable.

The troopship Roumania, five days from Santiago, came in yesterday with Companies K and L of the Ninth Massachusetts, and convalescents from various commands, in all about 600 men.

A city business man, who gets to work at nine in the morning, takes an hour for lunch and leaves for home at dusk, the sunset, and if he would live a long life, always keep a watchful eye upon his health. He should remember that it is the apparently trifling disorders that eventually make the big diseases. It does not do for a hard working man to neglect bilious attacks or spells of indigestion. If he does, he will soon find himself flat on his back with malaria or crippled with rheumatism. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men and women. It makes the appetite keen and hearty, the digestion perfect, the liver active, the blood pure and rich with the life-giving elements of the food, and the nerves strong and steady. It builds firm muscles and solid flesh. It is the greatest of all blood-makers and purifiers. It cures malaria, biliousness and indigestion. It is an unfailing cure for biliousness and indigestion. An honest dealer will not try to substitute some inferior preparation for the sake of a little additional profit.

"I was a sufferer for four years with malarial fever and chills," writes Robert Williams, of Kiowa, Barber Co., Kan. "Four bottles of Dr. Pierce's Golden Medical Discovery cured me and I now weigh 150 pounds instead of 130, my old weight."

Costiveness, constipation and torpidity of the liver are sure, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe, they stimulate and strengthen the faded organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that are "just as good."

St. Louis, Sept. 5.—Word has been received here that Wallace A. Gaines of Covington has been appointed special deputy collector in the revenue department. His duty will be to see that the manufacturers of mixed flour comply with the provisions of the revenue act of June 13.

seven died on the voyage and were buried at sea.

The Unionist also arrived from Santiago with 399 men. Fifty-three were of Company E, First Illinois infantry. The rest were teamsters and carpenters. All on board are well.

The number of patients in general hospital is 1,040. There were eight deaths yesterday. No one died at the Detention hospital. It has 275 patients.

EXODUS OF TROOPS.

Chickamauga Park Being Gradually Depleted of Soldiers.

Chickamauga Park, Ga., Sept. 5.—The exodus from the park continued yesterday, the following commands leaving: The park signal company of 75 men left for Lexington, Ky. The First Missouri volunteer infantry, commanded by Lieutenant Colonel Cavender, left for Jefferson Barracks, to which point they have been ordered, to be mustered out of the service. The regiment went in three sections over the Nashville, Chattanooga and St. Louis railroad. Seventy-five convalescent men of the regiment were carried along. The hospital train in charge of Governor Bradley of Kentucky left the park last evening for Lexington. The train contained 75 sick from the Kentucky regiments, none of whom were very seriously ill. A special Pullman car containing 32 sick of the Ninth New York left the park for New York via the Western and Atlantic and the seaboard air line. Only three deaths at the camp hospitals were reported yesterday.

Keeping a List of Wounded Soldiers.

New York, Sept. 5.—Major David N. Appel, surgeon U. S. A., has established a bureau of information at his office in this city, where he has prepared a list of the sick and wounded soldiers that are confined in the hospitals in New York, Brooklyn, on Long Island and at the several forts.

NOTES OF TWO STATES.

Fort Wayne will have a street fair in October.

John O'Neil, charged with murder, will be tried at Richmond, Ind., this week. The Hickity Friends closed their quarterly meeting at Pendleton, Ind., Saturday.

A complete roster of Kentucky volunteers is to be placed in cornerstone of Lexington's new courthouse.

David Bright, 15 years old, of Matamor, Ind., has been arrested at Rushville charged with stealing bicycles.

Mrs. Matilda Hart of Morris-town, Ind., was found dead in bed. She was the widow of James Hart, a once prominent lawyer.

Councilman Merritt J. Hughes, who shot and killed Andrew F. Steele at Ver, Ind., last Wednesday, has been bound over in the sum of \$2,500.

THE WORK OF A FIEND

Woman Pulled From Her Horse and Assaulted by a Negro.

Lagrange, Ky., Sept. 5.—William Miller, an 18-year-old colored boy, met Mrs. Frank Lee, the wife of a prominent farmer, on her way home from town. He took hold of her horse's bridle with one hand and dragged her off the horse with the other and assaulted her leaving her unconscious, in which condition she remained for some time. When she made her way to the nearest farmhouse and gave the alarm. The negro was overtaken, arrested, brought to this city and lodged in jail. The officers had trouble in preventing the farmers from lynching the fiend. Miller was afterward secretly sent to Louisville for fear of mob violence.

In a cell in the county jail, less than two squares from the church, is James Moberly, who killed Morgan.

Moberly is and has been a member of the Mercer County Democratic Committee and was recently appointed an election officer under the Goebel law. He comes of a good family, being closely related to the late Governor Bersiah Morgan.

So far as developed the murder was unprovoked and the result of the irritable temper of the slayer. Morgan, after being shot twice in the chest in the breakfast room, knocked Moberly down with a chair, wrenched his pistol from him and threw it away, and was pursued by Moberly who, with a vicious knife, cut and stabbed his life away.

Child's Feet Burned Off.

Richmond, Ky., Sept. 5.—James Harris, colored, of this city went away from home, leaving his 3-year-old child asleep. Fire broke out during his absence, and when rescued by the fire department the child's feet were burned off.

Madrid, Sept. 5.—The public appears but little interested in the forthcoming meeting of the cortes. General Weyler has arrived in Madrid.

The newspapers, it is understood, will be permitted to indulge in "fair comment" upon the proceedings in the cortes, unless the tactics of the opposition compel the government to resort to secret sittings.

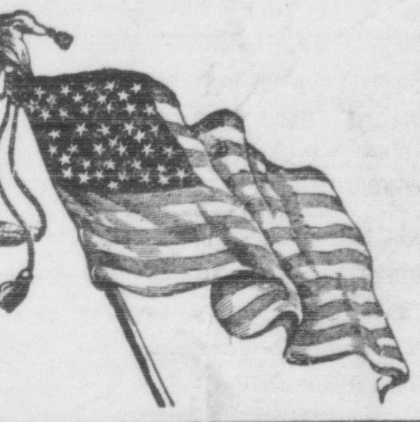

The decision to call out 100,000 recruits to the ranks is regarded as a smart device to keep the younger men outside the Carlist movement.

Terre Haute, Ind., Sept. 5.—Webb Casto died of apoplexy Saturday, at his home west of the city. He was an active Republican and was known to men of the party in all parts of the state by reason of his regular attendance on state conventions. He was born in this county in 1834, served in the war in the Eleventh Indiana volunteers, has been prominent in G. A. B. circles and was a Royal Arch Mason.

WHITE WITH DEAD

Terrible Battle Which Resulted In the Fall of Omdurman.

Omdurman, Opposite Khartoum, On the Nile, Nubia, Sept. 3 by Camel Post to Nazi—The Sirdar, General Sir Herbert Kitchener, with the Khalifas black standard, captured during the battle, entered Omdurman, the capital of Mahdism, at 4 o'clock this afternoon, at the head of the Anglo-Egyptian column, after completely routing the Dervishes and dealing a death blow to Mahdism.

Roughly our losses were 200, while thousands of the Dervishes were killed or wounded.

The enemy advanced to the attack in battle array, chanting war songs. Their front consisted of infantry and cavalry, stretched out for three or four miles. Countless banners fluttered over their masses and the copper and brass drums resounded through the serried ranks of the savage warriors, who advanced unwaveringly, with all their old-time ardor.

Their attack developed on our left, and in accordance with their traditional tactics, they swept down the hillside with the design of pushing our flank. But the withering fire maintained for 15 minutes on all our line frustrated the attempt, and the Dervishes, balked, swept toward our center, upon which they concentrated a fierce attack. A large force of horsemen, trying to face a continuous hail of bullets from the Cameron Highlanders, the Lincolnshire regiment and the Soudanese, was literally swept away, leading to the withdrawal of the entire body, whose dead strewn the field. The bravery of the Dervishes can hardly be overestimated.

The flower of the Khalifas army was caught in a depression and within a zone of withering crossfire from three brigades, with the attendant artillery. The devoted Mahdists strove heroically to make headway, but every rush was stopped, while their main body was literally mown down by a sustained deadly crossfire.

Defiantly the Dervishes planted their standards and died beside them. Their dense masses gradually melted to companies and the companies to dribbles beneath the leaden hail. Finally they broke and fled, leaving the field white with fibb-elad corpses, like a snow-drift dotted meadow.

MURDER

Of William Morgan by James Moberly Was Unprovoked.

Harrodsburg, Ky., Sept. 5.—William Morgan, a brother-in-law of Jack Chinn and uncle of Hon. J. Morgan Chinn, the victim of a relative's bullets and dirk knife, was buried Saturday afternoon in Spring Hill cemetery. Deceased was a popular man and the attendance at the funeral was the largest seen here in years.

In a cell in the county jail, less than two squares from the church, is James Moberly, who killed Morgan.

Moberly is and has been a member of the Mercer County Democratic Committee and was recently appointed an election officer under the Goebel law. He comes of a good family, being closely related to the late Governor Bersiah Morgan.

PANDO IN NEW YORK

Story of the Flight of Spanish General Unfounded.

DREYFUS CASE REVISION

French Cabinet Ministers Aware There Is Only One Way of Satisfying Public Feeling—Mme. Dreyfus' Appeal In Behalf of Her Husband to the Minister of Justice.

New York, Sept. 5.—The story from Havana that General Luis N. Pando, the former commander of the Spanish troops at Manzanillo, had secretly fled from Cuba on the French steamship Notre Dame Du Salut, for Spain, with 12,000,000 francs, was proved to be unfounded. When the Ward liner Philadelphia came to her dock on East River front yesterday General Pando was the first of the 42 passengers who arrived from Havana on the vessel to land. He was plainly dressed, and wore nothing to indicate his high rank in the Spanish army. He looks more like a Frenchman than a Spaniard, being short and stout and wearing a thick black beard. He claims to speak no English, and after arranging for the removal of his five pieces of baggage drove to a hotel, where he engaged a suite of rooms.

The customs officer, who examined General Pando's luggage, said that the visitor was well supplied with funds.

Chatting with some of the Spanish passengers during the voyage to this city, General Pando is said to have told of his recent experience in Mexico. While at the City of Mexico, according to the story, General Pando was the guest of the Marquis De Casnera. One night the general was aroused by the Marquis De Casnera screaming that there were thieves in the hacienda. In the dark corridor General Pando grappled with a man who he found there and was stabbed in the neck before he discovered that the supposed burglar was really the marquis, who had returned late from the theater. The wound was slight.

Owing to remarks made concerning the occurrence and reflections made on the character of the marquis by Baron Starke, the iron king of Durango, the Marquis De Casnera challenged him to a duel with pistols. The men met at Piedra Loma, in the state of Hidalgo, and both were wounded. The Marquis De Casnera was shot in the body and Starke lost one of his eyes. The Mexican authorities, upon learning of the duel, arrested the principals and the seconds, and Pando said he was anxious to know the outcome of the prosecution.

DREYFUS CASE.

French Cabinet Now Practically Unanimous For Revision.

Paris, Sept. 5.—Owing to the resignation of M. Godefroy Cavaignac of the ministry of war, President Faure returned to Paris yesterday and conferred with M. Delcasse, minister of foreign affairs, M. Bourgeois, minister of public education and General Zurlinden.

The cabinet will meet today expressly to deal with a request by Mme. Dreyfus for a revision of the proceeding of the courtmartial that condemned her husband.

As the cabinet is now practically unanimously in favor of revision—partly because the ministers are aware that there is no other method of satisfying public feeling—the outcome of the meeting is almost a foregone conclusion.

The name of General Sausser, for a military governor of Paris, is mentioned in connection with the war office portfolio.

In her letter to M. Sarrien, the minister of justice, Mme Dreyfus says she addresses him again, since he alone has the right to demand revision on the ground of a "new fact." She argues that Lieutenant Colonel Henry's admission of forgery deprives his depositions and acts of all weight, and constitutes her appeal by calling upon M. Sarrien to "listen to the voice of public opinion and put an end to the punishment of a loyal and innocent man."

SUSPECTED PERSONS.

Being Shot by General Rios, Governor of Visayas.

Manila, Sept. 5.—According to advices from Hilo General Rios, governor of the Visayas, is arresting and shooting suspected persons, including prominent natives of Manila.

The obstructions on the railway from Manila to Calocan have been removed and the first train left Saturday. It is expected that traffic will be resumed to the Dagupan terminus today.

WIRE TICKS.

There were five deaths from the heat at Philadelphia.

Memphis has quarantined against the entire country on account of yellow fever in Mississippi.

Fire in New York destroyed the Eastside Boulevard home, rubber and ivory works, causing a loss of \$300,000.

The United States auxiliary coast-guard, Command. F. Walker, from Guantanamo, has arrived at New York.

Governor Holcomb has telegraphed to Washington asking for the honorable discharge of William Jennings Bryan's regiment, the Third Nebraska.

Frank, George and Mabel Ferguson, aged 21, 19 and 14 years, respectively, of Brooklyn were drowned near Stamford, Conn., by the upsetting of a rowboat.

BROKE HIS BACK.

Ernest Pullman, 161st Indiana, Killed at Jacksonville.

Jacksonville, Fla., Sept. 5.—While bathing in Trout creek, near the city, yesterday, Private Ernest Pullman of Company A, One Hundred and Sixty-first Indiana regiment, dove from a high place into shallow water. Assistance was rendered to him and he was taken to the hospital, where it was ascertained that his back had been broken. He died from his injuries. This is the first death in the regiment.

Doesn't Credit Many of the Stories.

Frankfort, Ky., Sept. 5.—Governor Bradley and his corps of surgeons and nurses returned yesterday with Kentucky hospital train from Chickamauga. The governor, after personal inspection of Camp Thomas, does not credit many of the stories of neglect of soldiers at Camp Thomas by their officers and says the situation there is much more favorable than he expected to find. Fifty-three sick soldiers from the Second Kentucky regiment were brought back on the hospital train.

Killed Himself In His Tent.

Montank Point, Sept. 5.—Arthur Peble, a private in Company F, Second United States infantry, killed himself in his tent yesterday. He took his Krug-Jorgensen rifle, put the muzzle to his left eye and touched off the trigger with his sword bayonet. He was recruited in Tampa three and a half months ago, went to Cuba, fought, caught the fever and was out of his mind for some time. He had been nearly himself for several days.

Sick Returning From Porto Rico.

Washington, Sept. 5.—The following cablegram was received by the war department last night from General Wilson, at Ponce, Porto Rico:

"Transport Panama sailed at 4 o'clock P. M. today with 246 convalescent soldiers; Surgeon Daly and three assistants on board; could accommodate no more."

Lavton's Health Report.

Washington, Sept. 5.—General Lavton's report, received last night, of the health conditions of the American troops at Santiago is as follows: Total sick, 287; total fever, 184; total new cases fever, 20; total returned to duty, 92; deaths, 2.

G. A. R.

Opening of the Thirty-Second National Encampment at Cincinnati.

Cincinnati, Sept. 5.—Over 20,000 excursionists are estimated to have arrived here yesterday and each train today is crowded for the 324 national encampment of the G. A. R. which began today. The depots and the streets present every appearance of the great annual reunion. None of the posts arrived yesterday in bodies and yet there were many uniforms among the excursionists. The main yesterday has made the weather pleasant and there is every indication that the hot wave is over so far as this locality is concerned. The arches and other structures were illuminated last night and thousands viewed the decorations. The first parade occurred at 6 o'clock this morning when the naval veterans escorted Rear Admiral Daniel F. Kelley and staff from the depot to the naval headquarters. The local posts and others formed another procession at the depot when Commander-in-Chief Gobin and staff arrived at 10:30 and were escorted to their headquarters. Owing to his work in connection with the Ohio hospital train, Governor Bassnell and staff will not arrive till tomorrow evening, and like duties with the sick Michigan soldiers will prevent Governor Pingree and staff from arriving till Wednesday morning. The governors of all the states will be met on their arrival with large escorts.

BAYARD ILL.

Ex-Ambassador to England Reported In Critical Condition.

Dedham, Mass., Sept. 6.—The condition of Thomas F. Bayard, former ambassador to England, who is at Karlstein, the home of his daughter, Mrs. Warren, is critical. So pronounced has been the change in the past two or three days that it is thought the patient cannot survive many days.

Mr. Bayard came to Karlstein, the summer home of Mr. and Mrs. S. F. Warren, about three weeks ago. His health was not good, and during the first two weeks it did not improve. A week ago a change came which appeared to be a gradual breaking up of the system, combined with kidney troubles. Yesterday he was semiconscious with a fair pulse.

ANNOUNCEMENT FOR CLERK.

JAMES W. LEWIS, of Vernon township, is a candidate as a republican for county clerk on the fusion ticket hereafter to be named.

CONVENTION CALL.

Whereas a majority of the democratic voters of Jackson county have repudiated a so called democratic primary election and the nominees of said primary election, which was in its rules and regulations governing said primary, so unfair, unjust and undemocratic that more than three-fourths of the democratic voters of the county refused to recognize the said primary or participate in said primary election, and

Whereas the republican county central committee at a regular and full meeting committee, held in Seymour on the 18th day of August, 1898, declared themselves as willing to affiliate with all voters of Jackson county who were opposed to the so called democratic ticket and appointed a committee of five members of their county committee to confer and arrange with a like committee of five democrats, as to time, manner, etc., of holding a convention of the independent voters of Jackson county, therefore be it resolved by this joint committee of five democrats and five republicans:

1.—That a delegate convention of the voters who desire to act independently be held at Seymour, Ind., on Saturday the 17th day of Sept., 1898, at one o'clock p. m.

2.—That said delegate convention be upon the basis of one delegate vote for each 25 votes cast for Bryan and McKinley, at the last general election to be apportioned equally among the democrats and republicans from the several townships of the county. The number of delegates each township will be entitled to in said convention will be as follows:

Table with 3 columns: Townships, Dem., Rep. Listing various townships and their respective counts.

3.—That all voters who desire to act in this convention are requested to meet in their respective townships on Friday, September 16th, 1898, at one o'clock p. m. and select their allotment of delegates according to section No. 2 and also two committee-men from each precinct of the township, one of whom shall be a democrat and one a republican. The list of delegates and committee-men to be reported to the county convention at 1 a. m. Sept. 17.

4.—The places for holding the township meetings shall be as follows:

Table with 2 columns: Township, Location. Listing townships and their designated meeting locations.

5.—The candidates to be nominated at said convention on Sept. 17, are as follows:

ALL INTERESTS ARE MUTUAL

A Striking Array of Facts and Figures In Opposition to Class Prejudice.

It was Abraham Lincoln, who in the midst of the throes of war for the Union, said that he turned to "The Plain People" for succor and help. It was he who coined that phrase. He believed in the plain people of the nation, and they believed in him. The unbiased intuitions of the masses are as unerring now as then. Now, as then, the great masses of the American people only desire to know the facts, and intuitively they will go straight at the right thing in action. It is the prejudiced man, the crank, who sees something very clearly, but not in its relations. The strong common sense of the masses, whose highest aspirations are to be right, look at and carefully consider things in their relations to other things, and are the great conservative forces which build systems and powerful nations.

The war just closing after a wonderful exhibition of national resource in money to carry it on, in power on land and sea, and capability in management, has awakened in every American a new pride in American institutions, a new confidence in Americans themselves, and the nation in the same ratio has risen in the esteem of the world. All this has not come about suddenly, though it is suddenly realized at home and abroad. The real basis of it all is steady and rapid growth toward what is now plain to all. It is clearly traceable to our cultivation of the arts of peace, to the development of our public school system, the building of colleges and other educational institutions, all we have become more symmetrical and capable in all directions than any other people.

There was a time when nations built walls and confined their commerce within them. China is crumbling to pieces in a too long attempt to maintain such a system. Commerce has become as the blood to the body. The arteries and veins of commerce ramify the civilized world. Great ships bridge the oceans and railways span the continents till the nations have become neighbors, whose productions and handicrafts seem indispensable to each other. They buy and sell, intermingling in social life and becoming more and more the "brotherhood of man," as intended by the Father of us all. Men and more, all men perceive that a policy which hurts one great class hurts all other classes, and what benefits one benefits all. All are coming to see and realize this truth.

This nation benefited the battle of the equal coinage of gold and silver long after other great nations ceased it. We pursued the policy, thinking to stand alone, till well-nigh the brink of ruin. We went on, and on, till silver went down, and down in value, though our markets were taking every ounce of the American product. Then it was perceived that the task was greater than one nation could endure, and just as we were about to become isolated, separated from all the great commercial nations, just as we were about to lose the balance of our rapidly diminishing supply of the world's standard coin, and become a silver monometallist nation, and isolated, we awakened to the peril and abandoned the single-handed struggle and said we will hold on to our great commercial relations with the world and to the world's standard of coin. We had to do it or lose all that had been making us great. We had to do it or go to the level of China and Mexico. We had to do it or bring upon ourselves the greatest disaster the nation ever saw.

It was then that we did, before the present war came upon us, for possessing confidence in ourselves and holding that relation to the world, we were enabled to obtain from our own people, ample funds to prosecute the war, with offers of hundreds of other millions here at home which we did not need, and during it all American securities held up their values abroad and were not sent home for payment. This is the splendid record. And now the wisdom of the new policy is already seen in advanced prices of nearly every product of the land. It is seen in advanced wages in nearly every department of industry. It is seen in our rapidly increasing commerce, by land and sea; in better condition of the masses of people, in every avenue of business. The impulse of better conditions, of better living and of hopefulness is now seen among all classes. It is the unerring proof of what has already been said, that what hurts one class hurts all classes, and what benefits one, benefits all. These facts are the final test of all theories. To use a homely phrase, "We are all in the same boat."

Bearing further upon this great fact here is some statistical information touching both the effect of the disasters through which we have come, and showing that all classes are alike hurt by the wrong policies in which we persisted too long. These facts were obtained in the past year by the Indiana bureau of statistics through receivers and assignees of banks, manufacturing establishments, and merchants that failed during the years 1893 and 1894. It is found that rich and poor alike, bankers, merchants, factory owners, farmers and the professional classes went down together during the last years of the panic and the hard times, under the attempt of this country to "go it alone" on a wrong system of coinage and finance. Surely these facts are the final test, not only that this country could not pursue this course alone, but that persistence in the attempt to do so was bringing ruin to all classes. A great deal of data on this subject has been obtained, and a few sample tables will suffice, for they are all of the same tenor, from the central western states.

These facts simply show how true it is that all classes and all industries are affected together; that one cannot be ruined without bringing down some of all her classes, and that the prosperity of one class means the prosperity of all the others. This being true, how great a mistake it is to be possessed of the idea at the bankers, business men and commercial classes, in the reform of our currency system, are seeking to hurt any of the great industries. They all know, that according to that experience, as well as all history on the subject, that any plan of adjustment that would bring ruin to themselves gives prosperity to all the others, and the financial plan which ruins one sends all the others to the bottom. Therefore the differences of opinion which exist about financial plans are only differences of judgment, and do not have their origin in attempts at taking advantage.

The commercial classes first feel the effects of wrong systems and then the harm reaches out to all others. It is natural, therefore, that they have been in the front of the movement in bringing about a better system. This is the reason that this class, irrespective of parties, are in this movement. They know that false systems will bring disaster to themselves as well as to others.

During the winter of 1893 and 1894, one great city fed thousands of people out of employment on 79 cents per week with four to the family. Another city fed thousands in constrained idleness on 81 cents per week, average of four persons to the family. This was occurring during that period, all over the country. Mechanics and others, whose wages had been \$7 to \$15 per week, and who usually spent more than half of it for subsistence and home comforts, were then spending nothing.

This condition reached out to all classes, to the farmer's markets, and to the markets for all other products, and hence prices went down, and down, and the demand was largely cut off for want of something to buy with. There was just as many millions of dollars in the nation as ever, but our coinage and financial systems had destroyed confidence, and the money would not venture into business, because prices and market were destroyed by the attempt to continue a wrong policy. The peril past, and we have the present splendid condition of all the industries, and the good sense of the "common people," as Mr. Lincoln called the masses, will never consent to turn backward.

AFTER the democratic editors and kickers regarding the management of the war have had their say, perhaps the army officers and others who know something about it will be heard from. —Journal.

MAURICE THOMPSON, of Crawfordville, who served in the state legislature and as state geologist as a democrat has bid farewell to the democrat party in an open letter to the Indianapolis Journal. The letter is addressed especially to young men, but is of decided interest to all. Mr. Thompson sees the weakness and incapacity of the democratic party to deal with great questions and says so.

He realizes that the democratic party is wrong on present issues when he says: "And if American political history is proof of anything it proves in advance that if the democratic party shall attempt to set up the worn cry of free silver and free trade against the glorious shout of national destiny and national adequacy to fill every demand of that destiny, there will be about as much probability of democratic success as there was in 1868. The conquering hero is more admirable and more available than the hero who doubts his country's moral character and sees only calamity in every great national undertaking. Let the republican party plant itself squarely on the patriotic, optimistic point of view and nominate a man who believes that his country is able to take care of itself with colonies or without them and that man will easily defeat any democrat, or any party candidate whatever, whose battle cry shall be: "My country is too weak or too corrupt to be trusted with colonial possessions." The American people are not to be won by traducing their character, or by telling them how they would become corrupt and fall to pieces under circumstances and conditions that have made the English nation the most powerful and the richest on the globe."

Seymour Gets the Big City Show.

On Monday Sept. 12, Mr. Henry's Big modern minstrel numbering a half hundred artists traveling in their own special train of vestibule cars direct from Cincinnati will fill in an open date enroute to St. Louis. The Cincinnati Enquirer of today's issue says:

Hi Henry's big minstrel show is a good attraction for the Walnut's opening. The proprietor, being a veteran of the late war and a member of the G. A. R. and personally acquainted with a vast array of the veterans, has made especial preparations to entertain his friends this week. That he has built up a pleasing show need hardly be mentioned. It made a great hit at the opening performance yesterday afternoon and last night they "turned 'em away." The opening is called 'The American Navy,' and reveals Mr. Henry's entire company clustered upon the deck of the flagship Brooklyn supposedly at the anchor in the harbor of Santiago. The effect is startling to say the least, and well calculated to arouse great enthusiasm. A lot of patriotic songs and the latest rag-time melodies are interspersed with the jokes and sentimental ballads of historic minstrelsy, and from such a beginning until the end it will be found that Mr. Henry has arranged a great first part. The balance of the show is equally good. The vaudeville features are offered by Ted and Baker, Dan Allman, Morton and Elliott and the Couture Brothers.

An Eloquent Speaker.

True eloquence was voiced by John Speaker, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. It gently stimulates the stomach, liver, kidneys and bowels, so that poisonous matter can not remain in the system. It cures dyspepsia, malaria, constipation, nervousness, aids digestion, improves appetite, increases strength, gives new life. Prices 50 cents. Sold by Wm. F. Peter, Druggist.

ANNOUNCEMENT.
FOR CLERK.JAMES W. LEWIS, of Vernon township, is
a candidate as a republican for county clerk
on this fusion ticket hereafter to be named.

CONVENTION CALL.

Whereas a majority of the democratic
voters of Jackson county have repudi-
ated a so called democratic primary
election and the nominees of said pri-
mary election, which was in its rules
and regulations governing said primary,
so unfair, unjust and undemocratic that
more than three-fourths of the demo-
cratic voters of the county refused to
recognize the said primary or participate
in said primary election, and

Whereas the republican county central
committee at a regular and full meeting
of the committee, held in Seymour on
the 18th day of August, 1898, declared
themselves as willing to affiliate with
all voters of Jackson county who were
opposed to the so called democratic
ticket and appointed a committee of
five members of their county committee
to confer and arrange with a like com-
mittee of five democrats, as to time,
manner, etc., of holding a convention
of the independent voters of Jackson
county, therefore be it resolved by this
joint committee of five democrats and
five republicans:

1.—That a delegate convention of the
voters who desire to act independently
be held at Seymour, Ind., on Saturday
the 17th day of Sept., 1898, at one
o'clock p. m.

2.—That said delegate convention be
upon the basis of one delegate vote for
each 25 votes cast for Bryan and Mc-
Kinley, at the last general election to
be apportioned equally among the dem-
ocrats and republicans from the several
townships of the county. The number
of delegates each township will be en-
titled to in said convention will be as
follows:

3.—That all voters who desire to act
in this convention are requested to
meet in their respective townships on
Friday, September 16th, 1898, at
one o'clock p. m. and select their
allotment of delegates according to
section No. 2 and also two commit-
men from each precinct of the town-
ship, one of whom shall be a democrat
and one a republican. The list of dele-
gates and committeemen to be re-
ported to the county convention at 1
a. m. Sept. 17.

ALL INTERESTS ARE MUTUAL

A Striking Array of Facts and Figures In
Opposition to Class Prejudice.

It was Abraham Lincoln, who in the midst of the throes of war for the
Union, said that he turned to "The Plain People" for succor and help. It was
he who coined that phrase. He believed in the plain people of the nation, and
they believed in him. The unbiased intuitions of the masses are as unerring
now as then. Now, as then, the great masses of the American people only de-
sire to know the facts, and intuitively they will go straight at the right thing
in action. It is the prejudiced man, the crank, who sees something very clear-
ly, but not in its relations. The strong common sense of the masses, whose
highest aspirations are to be right, look at and carefully consider things in their
relations to other things, and are the great conservative forces which build
systems and powerful nations.

The war just closing, after a wonderful exhibition of national resource in
money to carry it on, in power on land and sea, and capability in management,
has awakened in every American a new pride in American institutions, a new
confidence in Americans themselves, and the nation in the same ratio has risen
in the esteem of the world. All this has not come about suddenly, though it is
suddenly realized at home and abroad. The real basis of it all is steady and
rapid growth toward what is now plain to all. It is clearly traceable to our cul-
tivation of the arts of peace, to the development of our public school system, the
building of colleges and other educational institutions, till we have become
more symmetrical and capable in all directions than any other people.

There was a time when nations built walls and confined their commerce
within them. China is crumbling to pieces in a too long attempt to maintain
such a system. Commerce has become as the blood to the body. The arteries
and veins of commerce run through the world. Great ships bridge the
oceans and railways span the continents till the nations have become neighbors,
whose productions and handiwork seem indispensable to each other. They buy
and sell, intermingle in social life and are becoming more and more the "broth-
erhood of man," as intended by the Father of us all. More and more, all men
perceive that a policy which hurts one great class hurts all other classes, and
that benefits one benefits all. All are coming to see and realize this truth.

This nation maintained the battle of the equal coinage of gold and silver
long after other great nations ceased it. We pursued the policy, thinking to stand
alone, till well-nigh the brink of ruin was reached, and on, till silver went
down, and down in value, though our markets were taking every ounce of the
American product. Then it was perceived that the task was greater than one
nation could endure, and just as we were about to become isolated, separated
from all the great commercial nations; just as we were about to lose the balance
of our rapidly diminishing supply of the world's standard coin, and become a
silver monometallist nation, and isolated, we awakened to the peril and aban-
doned the single-handed struggle and said we will hold on to our great com-
mercial relations with the world and to the world's standard of coin. We had to do
it or lose all that had been making us great. We had to do it or go to the level
of China and Mexico. We had to do it or bring upon ourselves the greatest dis-
aster the nation ever saw.

It was fortunate that we did, before the present war came upon us, for
possessing confidence in ourselves and holding that relation to the world, we
were enabled to obtain from our own people, ample funds to prosecute the war,
with offers of hundreds of other millions here at home which we did not need,
and during it all American securities held up their values abroad and were not
sent home for payment. This is the splendid record. And now the wisdom
of the new policy is already seen in advanced prices of nearly every product of
the land. It is seen in advanced wages in nearly every department of industry.
It is seen in our rapidly increasing commerce, by land and sea, in better con-
dition of the masses of people, in every avenue of business. The impulse of bet-
ter conditions, of better living and of hopefulness is now seen among all classes.
It is the unerring proof of what has already been said, that what hurts one class
hurts all classes, and what benefits one, benefits all. These facts are the final
test of all theories. To use a homely phrase, "We are all in the same boat."

We ride the waves together, or go to the bottom together.
Bearing further upon this, great fact here is some statistical information
touching both the effect of the disasters through which we have come, and
showing that all classes are alike hurt by the wrong policies in which we per-
sisted too long. These facts were obtained in the past year by the Indiana bu-
reau of statistics through receivers and assignees of banks, manufacturing es-
tablishments, and merchants that failed during the years 1893 and 1894. It is
found that rich and poor alike, bankers, merchants, factory owners, farmers
and the professional classes went down together during the last years of the
panic and the hard times, under the attempt of this country to "go it alone" on
a wrong system of coinage and finance. Surely these facts are the final test,
not only that this country could not pursue this course alone, but that perse-
verance in the attempt to do so was bringing ruin to all classes. A great deal of
data on this subject has been obtained, and a few sample tables will suffice, for
they are all of the same tenor, from the central western states.

These facts simply show how true it is that all classes and all industries are
sunk together; that one cannot be ruined without bringing down scores of all
other classes, and that the prosperity of one class means the prosperity of all the
others. This being true, how great a mistake it is to be possessed of the idea
at the bankers, business men and commercial classes, in the reform of our
currency system, are seeking to hurt any of the great industries. They all
know, that according to all experience, as well as all history on the subject, that
a system of adjustment that would hurt any other great productive and indus-
trial class is the very thing that would bring ruin to themselves also. These
facts show it. The financial plan which ruins one class gives prosperity to
all the others, and the financial plan which ruins one class sends all the others
to the bottom. Therefore the differences of opinion which exist about financial
plans are only differences of judgment, and do not have their origin in attempts
at taking advantage.

The commercial classes first feel the effects of wrong systems and then the
harm reaches out to all others. It is natural, therefore, that they have been in
the front of the movement in bringing about a better system. This is the reason
that this class, irrespective of parties, are in this movement. They know that
false systems will bring disaster to themselves as well as to others.

During the winter of 1893 and 1894, one great city fed thousands of people
out of employment on 79 cents per week with four to the family. Another city
fed thousands in constrained idleness on 81 cents per week, average of four per-
sons to the family. This was occurring during that period, all over the coun-
try. Mechanics and others, whose wages had been \$7 to \$10 per week, and who
usually spent more than half of it for subsistence and home comforts, were then
spending nothing.

This condition reached out to all classes, to the farmer's markets, and to the
markets for all other products, and hence prices went down, and down, and
as the demand was largely cut off for want of something to buy with. There was
just as many millions of dollars in the nation as ever, but our currency and
financial systems had destroyed confidence, and the money would not venture
into business, because prices and market were destroyed by the attempt to con-
duct a wrong policy. The peril past, and we have the present splendid con-
dition of all the industries, and the good sense of the "common people," as Mr.
Lincoln called the masses, will never consent to turn backward.

No class of people are more pleased
over the change in the weather than
the civil war Veterans who are at
Cincinnati this week.

This is labor day and as such it is
gaining in importance each year as a
holiday. The American working men
men compose a large part of the best
there is in our civilization.

AFTER the democratic editors and
kickers regarding the management of
the war have had their say, perhaps the
army officers and others who know
something about it will be heard from.
—Journal.

MAURICE THOMPSON, of Crawfordville,
who served in the state legislature and
as state geologist as a democrat has bid
farewell to the democrat party in an
open letter to the Indianapolis Journal.
The letter is addressed especially to
young men, but is of decided interest to
all. Mr. Thompson sees the weakness
and incapacity of the democratic party
to deal with great questions and says so.
He realizes that the democratic party
is wrong on present issues when he says:

"And if American political history is
proof of anything it proves in advance
that if the democratic party shall at-
tempt to set up the worn cry of free
silver and free trade against the glorious
shout of national destiny and national
adequacy to fill every demand of that
destiny, there will be about as much
probability of democratic success as
there was in 1868. The conquering
hero is more admirable and more avail-
able than the hero who doubts his
country's moral character and sees only
calamity in every great national under-
taking. Let the republican party plant
itself squarely on the patriotic, optimis-
tic point of view and nominate a man
who believes that his country is able to
take care of itself with colonies or with-
out them and that man will easily de-
feat any democrat, or any party candi-
date whatever, whose battle cry shall
be: "My country is too weak or too cor-
rupt to be trusted with colonial pos-
sessions." The American people are
not to be won by trading their charac-
ter, or by telling them how they would
become corrupt and fall to pieces under
circumstances and conditions that have
made the English nation the most pow-
erful and the richest on the globe."

Give the Children a Drink

Called Grain-O. It is a delicious, ap-
petizing, nourishing food drink to take
the place of coffee. Sold by all grocers
and liked by all who have used it be-
cause when properly prepared it tastes
like the finest coffee but is free from all
its injurious properties. Grain-O aids
digestion and strengthens the nerves.
It is not a stimulant but a health builder
and children, as well as adults, can
drink it with great benefit. Costs about
15 cents per 15 cent tin.

Seymour Gets the Big City Show.

On Monday Sept. 12, Mr. Henry's Big
modern minstrel numbering a half
hundred artists traveling in their own
special train of vestibule cars direct
from Cincinnati will fill in an open date
enroute to St. Louis. The Cincinnati
Esquire of today's issue says:

Hi Henry's big minstrel show is a
good attraction for the Walnut's open-
ing. The proprietor, being a veteran of
the late war and a member of the G. A.
R. and personally acquainted with a
vast array of the veterans, has made
especial preparations to entertain his
friends this week. That he has built
up a pleasing show need hardly be
mentioned. It made a great hit at the
opening performance yesterday after-
noon and last night they "turned 'em
away." The opening is called "The
American Navy," and reveals Mr.
Henry's entire company clustered upon
the deck of the flagship Brooklyn sup-
posedly at the anchor in the harbor of
Santiago. The effect is startling to say
the least, and well calculated to arouse
great enthusiasm. A lot of patriotic
songs and the latest rag-time melodies
are interspersed with the jokes and
sentimental ballads of historic minstrel-
ry, and from such a beginning until
the end it will be found that Mr. Hen-
ry has arranged a great first part. The
balance of the show is equally good.
The vaudeville features are offered by
Teal and Baker, Dan Allman, Morton
and Elliott and the Couture Brothers.

Jennings County Democrats.

The Democrats of Jennings County
Saturday nominated the following
county candidates: Clerk, John Hu's;
Auditor, James Renie; Treasurer,
Henry; Harm n. Sheriff, Charles Trap
Assessor, Nicholas Darrell; Corner, Dr.
Nicewander; Surveyor, S. A. Gossett;
Commissioner First District, D. Ashley
Second District, James Clark.

An Eloquent Speaker.

True eloquence was voiced by John
Speaker, of Catawba, O., when he says:
"I had five large fever sores on my leg
four years, and tried five doctors without
benefit. All said I could not be cured,
but I fooled them by curing myself with
one bottle of Electric Bitters and one box
of Bucklen's Arnica Salve." Electric
Bitters is the greatest blood purifier
known. It gently stimulates the stom-
ach, liver, kidneys and bowels, so that
poisonous matter can not remain in the
system. It cures dyspepsia, malaria,
constipation, nervousness, aids digestion,
improves appetite, increases strength,
gives new life. Prices 50 cents. Sold
by Wm. F. Peter, Druggist.

NOTICE TO CONTRACTORS AND PRO-
PERTY HOLDERS.

Notice is hereby given that the Common
Council of the City of Seymour, Indiana, Aug.
25th, 1898, passed and approved a resolution
declaring it necessary that the sidewalk on
the east side of Poplar street between Brown
and Lawrence streets, all the unpaved, be
improved by paving with concrete to a thick-
ness of five (5) inches, and a width of five (5)
feet, composed of gravel, sharp
sand and Portland cement in ac-
cordance with plans and specifications pre-
pared by and on file in the office of the city
engineer, at the cost of said sidewalk, and the
provisions of chapter 118, of the Acts of the
General Assembly of the state of Indiana,
approved March 28th, 1897, and the amend-
ments thereto. Under the supervision of the
city engineer, and in the satisfaction of
the common council, sealed bids will be received
by this council at 8 o'clock p. m., Sept. 23d,
1898, for the execution of said work. At the
same time the council will hear objections of
property owners, if any, to the necessity for
the proposed improvement at the council
held on said date.
Bids to be accompanied by suitable bonds.
Council reserves the right to reject any or
all bids.
ATTEST:
J. E. McILINNEY, City Clerk.

We Stand By

Every bit of work we do. If unsatis-

Fire at Brownstown.

Saturday night about 10 o'clock the
clothing store of James H. Findley in
the I. O. O. F. building at Brownstown
caught fire from some unknown cause
and turned to the ground. The large
stock of goods was a total loss and the
interior of the building was burned out
and the brick walls left standing. Loss
on goods and building estimated from
\$8,000 to \$9,000. Insurance on goods
reported to be \$6,400, on building
\$1,500.

Annual Meeting.

The annual meeting of the Christian
churches of Jackson county held at
Vallonia Friday and Saturday, was
quite a pleasant and successful meeting.
Several from Seymour attended, as
well as representatives of the several
churches of the denomination in the
county. Miss Carrie Howard, of this
city, was among those on the program.
Her paper was regarded with much
favor, so much so that she was asked
to read it the second day. The choir
of the Seymour church furnished some
of the music.

Changes in City Offices.

The terms of the mayor, clerk, treas-
urer, marshal and city judge expire
today after a term of four years. May-
or Balsley becomes the ex-mayor today
and A. W. Mills assumes the duties
of that office. Jos. E. McKinney is
succeeded by Ed. Jennings as city
clerk. Treasurer Clark, Marshal
Thicksten and Judge Hoover succeed
themselves. Each one of these officers
hold for a term of four years.

Mayor Balsley, who at once becomes
a citizen of Indianapolis, bears with him
to his new home the hearty good
wishes of a host of friends here, who
have known him as a citizen of Sey-
mour for many years and as the chief
executive of the city since his term
began.

A. W. Mills, who becomes mayor of
Seymour today, is one of our best
known and most capable business men.
He puts energy as well as ability into
whatever he undertakes and therefore
will make the city an excellent mayor,
one who will industriously look after
the welfare of Seymour and her citi-
zens.

Jos. E. McKinney, who retires from
the clerk's office after four years' of
faithful service, has earned the grati-
tude of every citizen of Seymour. He
has performed all his official duties
well, has always been accommodating
and clever to every one having busi-
ness with him. He has been a su-
perior official.

Ed. Jennings who assumes the duties
of the clerk's office has had experience
in that office before and is fully com-
petent to do the work well.

The officers who hold over are all
true and tried and there will be no
perceptible difference between their
new and old terms as city officials.

BUSINESS NOTES.

W. G. Winters and Miss Josie Win-
ters came here today from Washington
on business.

Miss Mamie Conner, of near Marling,
went today to Danville to attend nor-
mal school.

James Luckey, of Redding township,
brought his son Roy to the city today
to take a regular course at our school's.

August Eickbush, a prosperous farmer
of near Jonesville, and daughter, Miss
Gusta, favored the Republican office
with a pleasant business call today.

C. H. Truob and wife, of Kansas
came here today on business. Mr.
Truob informed us that corn and most
other cereals are ruined by dry weather
there being but little rain there in over
three months.

AT WORK AGAIN.

The City Schools Begin Work For the
School Year Today.

The school bells rang in Seymour
this morning announcing the opening
day of the fall term of school. More
than a thousand boys and girls re-
sponded and were enrolled at the
morning session.

The morning session was spent in
getting ready for work, in organizing
classes and assigning lessons and direct-
ing the pupils what supplies to pur-
chase.

The enrollment at the several build-
ings at the morning session was as fol-
lows: Shields, high school, 125, grades,
368, Laurel street, 127; 3rd ward 150;
Park, 168; Lynn, 37. Besides these
there were quite a number who came in
this afternoon.

Work in all departments of the
schools began this afternoon. Super-
intendent Montgomery is well pleased
with the opening day and the pros-
pects for a splendid year's work.

Fire at Brownstown.
Saturday night about 10 o'clock the clothing store of James H. Findley in the I. O. O. F. building at Brownstown caught fire from some unknown cause and turned to the ground. The large stock of goods was a total loss and the interior of the building was burned out and the brick walls left standing. Loss on goods and building estimated from \$8,000 to \$9,000. Insurance on goods reported to be \$6,400, on building \$1,500.

Annual Meeting.
The annual meeting of the Christian churches of Jackson county held at Valleria Friday and Saturday, was quite a pleasant and successful meeting. Several from Seymour attended, as well as representatives of the several churches of the denomination in the county. Miss Carrie Howard, of this city, was among those on the program. Her paper was regarded with much favor, so much so that she was asked to read it the second day. The choir of the Seymour church furnished some of the music.

Changes in City Offices.

The terms of the mayor, clerk, treasurer, marshal and city judge expire today after a term of four years. Mayor Balsey becomes the ex-mayor today and A. W. Mills assumes the duties of that office. Jos. E. McKinney is succeeded by Ed. Jennings as city clerk. Treasurer Clark, Marshal Thicksten and Judge Hoover succeed themselves. Each one of these officers hold for a term of four years.

Mayor Balsey, who at once becomes a citizen of Indianapolis, bears with him to his new home the hearty good wishes of a host of friends here, who have known him as a citizen of Seymour for many years and as the chief executive of the city since his term began.

A. W. Mills, who becomes mayor of Seymour today, is one of our best known and most capable business men. He puts energy as well as ability into whatever he undertakes and therefore will make the city an excellent mayor, one who will industriously look after the welfare of Seymour and her citizens.

Jos. E. McKinney, who retires from the clerk's office after four years' of faithful service, has earned the gratitude of every citizen of Seymour. He has performed all his official duties well, has always been accommodating and clever to every one having business with him. He has been a superior official.

Ed. Jennings who assumes the duties of the clerk's office has had experience in that office before and is fully competent to do the work well.

The officers who hold over are all true and tried and there will be no perceptible difference between their new and old terms as city officials.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Sold at Wm. F. Peter's drug store. 50 cents per bottle.

EXODUS OF TROOPS

Camp Wikoff Will Dis-
solve in the Next
Three Weeks.

ADDRESSED ROUGH RIDERS

Colonel Roosevelt Extols His Troops For
Daring and Gallantry—Soldiers Con-
tinue to Be Sent Away From Chicka-
mauga Park—Keeping a List of Wounded
and Sick in Hospitals.

Camp Wikoff, Montank Point, Sept. 5.—This great camp will dissolve during the three coming weeks and by Oct. 1, it will have shrunk to slender proportions. The well men, according to the war department's present designs, will leave the camp as fast as transportation can be conveniently provided, probably at the rate of 3,000 or 4,000 a week. The convalescents from the hospitals, instead of being sent again into camp with their commands, will go to their homes. The President, Secretary Alger and General Wheeler had a talk about it Saturday, and although General Wheeler thought the men would do well in camp until Oct. 1, it was determined to continue sending the men away. The regulars taken from the posts east of the Mississippi will, according to the present directions, be sent where they were before the war. The war department has not transmitted the order to General Shafter yet, but it will not doubt be received by tomorrow. The Eighth Ohio and First Illinois will break camp tomorrow. The Rough Riders will muster out toward the end of the week, probably, and will not parade.

Colonel Roosevelt yesterday made a little speech to the Rough Riders, a sort of farewell some of the men took it to be. Colonel Roosevelt complimented the daring and gallantry of the men, their wholesome good fellowship, their skill in managing horses and in the use of arms.

When the regiment was forming, he said, many men had offered themselves who said they were ready to "storm the Morro or fight hell," but would not take kindly to camp routine and drill. All such men had been rejected. The Rough Riders had all the force of individual strength and in battle were as coherent and effective as a projectile.

General Wheeler said yesterday that Lieutenant Colonel Smart of the medical staff of the army had come to chemically examine the water supplied to the camp. He was at the top of his profession, and would in two or three days be able to give an absolutely authoritative decision as to the purity of the water. People had an idea that the water came from the fresh water pond. General Wheeler said they were mistaken. The water was drawn from wells 200 and 300 feet deep.

Women passing through the camp were displeased by seeing that some tents did not have floors and fancied that the men must sleep on the ground. They were wrong in supposing that, as in tents without floors were wooden bunks or thick straw. As for himself, General Wheeler said he liked the camp better every day and would like to live in it until Oct. 1.

The season of September gales is approaching and the war department foresees that the Long Island railway may not be able to move conveniently more than 1,000 men a day. Plans have been partially made to transport troops to New York by water it should be advisable.

The troopship Roumania, five days from Santiago, came in yesterday with Companies K and L of the Ninth Massachusetts, and convalescents from various commands, in all about 600 men.

A city business man, who gets to work at nine in the morning, takes an hour for lunch and leaves for home at four or five in the afternoon, little understands the hardships of the life of the farmer, who starts to work at break of day and frequently works on into the night by lantern light.

A man to endure the hardships of a farmer's life, must be robust physically at the outset, and if he would live a long life, always keep a watchful eye upon his health. He should remember that it is the apparently trifling disorders that eventually make the big diseases. It does not do for a hard working man to neglect bilious attacks or spells of indigestion. "I was a sufferer for four years with malaria fever and chills," writes Robert Williams, of Kiowa, Barber Co., Kan. "Four bottles of Dr. Pierce's Golden Medical Discovery cured me and I now weigh 150 pounds instead of 130, my old weight."

Costiveness, constipation and torpidity of the liver are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. They stimulate and strengthen the liver organs until a regular habit is formed and may then be discontinued without a return of the trouble. They stimulate, invigorate and regulate the stomach, liver and bowels. Medicine stores sell them, and have no other pills that are "just as good."

robust physically at the outset, and if he would live a long life, always keep a watchful eye upon his health. He should remember that it is the apparently trifling disorders that eventually make the big diseases. It does not do for a hard working man to neglect bilious attacks or spells of indigestion. If he does, he will soon find himself flat on his back with malaria and crippled with rheumatism. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men and women. It makes the appetite keen and hearty, the digestion perfect, the liver active, the blood pure and rich with the life-giving elements of the food, and the nerves strong and steady. It builds firm muscles and solid flesh. It is the greatest of all blood-makers and purifiers. It cures malaria, rheumatism, indigestion, and all the ailments that result from a failing care for biliousness and indigestion. An honest dealer will not try to substitute some inferior preparation for the sake of a little additional profit.

seven died on the voyage and were buried at sea.

The Unionist also arrived from Santiago with 300 men. Fifty-three were of Company E, First Illinois infantry. The rest were teamsters and carpenters. All on board are well.

The number of patients in general hospital is 1,040. There were eight deaths yesterday. No one died at the Detention hospital. It has 275 patients.

EXODUS OF TROOPS.

Chickamauga Park Being Gradually Depleted of Soldiers.

Chickamauga Park, Ga., Sept. 5.—The exodus from the park continued yesterday, the following commands leaving: The park signal company of 75 men left for Lexington, Ky. The First Missouri volunteer infantry, commanded by Lieutenant Colonel Cavenier, left for Jefferson Barracks, to which point they have been ordered, to be mustered out of the service. The regiment went in three sections over the Nashville, Chattanooga and St. Louis railroad. Seventy-five convalescent men of the regiment were carried along. The hospital train in charge of Governor Bradley of Kentucky left the park last evening for Lexington. The train contained 75 sick from the Kentucky regiments, none of whom were very seriously ill. A special Pullman containing 32 sick of the Ninth New York left the park for New York via the Western and Atlantic and the seaboard air line. Only three deaths at the camp hospitals were reported yesterday.

Keeping a List of Wounded Soldiers.

New York, Sept. 5.—Major David N. Appel, surgeon U. S. A., has established a bureau of information at his office in this city, where he has prepared a list of the sick and wounded soldiers that are confined in the hospitals in New York, Brooklyn, on Long Island and at the several forts.

John O'Neil, charged with murder, will be tried at Richmond, Ind., this week.

The Hickity Friends closed their quarterly meeting at Pendleton, Ind., Saturday.

A complete roster of Kentucky volunteers is to be placed in cornerstone of Lexington's new courthouse.

David Bright, 15 years old, of Matamoras, Ind., has been arrested at Rushville charged with stealing bicycles.

Mrs. Mattilda Hart of Morrisville, Ind., was found dead in bed. She was the widow of James Hart, a once prominent lawyer.

Councilman Morrill J. Hughes, who shot and killed Andrew F. Steele at Vergennes, Ky., last Wednesday, has been bound over in the sum of \$2,500.

THE WORK OF A FIEND

Woman Pulled From Her Horse and Assaulted by a Negro.

Lagrange, Ky., Sept. 5.—William Miller, an 18-year-old colored boy, met Mrs. Frank Lee, the wife of a prominent farmer, on her way home from town. He took hold of her horse's bridle with one hand and dragged her off the horse with the other and assaulted her leaving her unconscious, in which condition she remained for some time. When she made her way to the nearest farmhouse and gave the alarm. The negro was overtaken, arrested, brought to this city and lodged in jail. The officers had trouble in preventing the farmers from lynching the fiend. Miller was afterward secretly sent to Louisville for fear of mob violence.

PROBABLY ANDREE

Report That a White Man Descended From Clouds on Hudson Bay Shore.

Winnipeg, Manitoba, Sept. 5.—Indians reaching Dauphin from the far north report meeting an Esquimaux who told of the appearance among them of a strange man who descended from the clouds on the shores of Hudson's bay. The opinion among the whites is that the man is Andree, the Arctic explorer.

DROPPED DEAD.

Rev. Stephenson Dies of Heart Trouble in His Pulpit.

Springfield, O., Sept. 5.—Rev. James Stephenson of Jamestown, O., dropped dead from heart trouble in the pulpit here yesterday at High Street Methodist church at the beginning of his sermon.

No Yellow Fever at Key West.

Key West, Sept. 5.—State Health Officer Porter issued a proclamation yesterday stating that he believes no yellow fever exists in this city, nor has there been any here this summer. The present quarantine will be kept on for a few days as a means of extra precaution to avoid the possible error of last year in the upper gulf coast.

Mine Engineers Quit Work.

Hazleton, Pa., Sept. 5.—Some of the engineers at the Colerain colliery have gone out on a strike, claiming that since the pump runners joined the striking miners and quit work they have been obliged to look after the pumps and also their own work. No further conferences have been held by the striking miners with the company officials and the men are still determined to hold out.

Mixed Flour Mills.

Louisville, Sept. 5.—Word has been received here that Wallace A. Gaines of Covington has been appointed special deputy collector in the revenue department. His duty will be to see that the manufacturers of mixed flour comply with the provisions of the revenue act of June 13.

**WHITE WITH DEAD**

Terrible Battle Which Resulted In the Fall of Omdurman.

Omdurman, Opposite Khartoum, On the Nile, Nubia, Sept. 5.—by Camel Post to Nazri—The Sirdar, General Sir Herbert Kitchener, with the Khalifas black standard, captured during the battle, entered Omdurman, the capital of Mahdism, at 4 o'clock this afternoon, at the head of the Anglo-Egyptian column, after completely routing the Dervishes and dealing a death blow to Mahdism. Roughly our losses were 200, while thousands of the Dervishes were killed or wounded.

The enemy advanced to the attack in battle array, chanting war songs. Their front consisted of infantry and cavalry, stretched out for three or four miles. Countless banners fluttered over their masses and the copper and brass drums resounded through the serried ranks of the savage warriors, who advanced unwaveringly, with all their old-time ardor.

Their attack developed on our left, and in accordance with their traditional tactics, they swept down the hillside with the design of rushing our flank. But the withering fire maintained for 15 minutes on all our line frustrated the attempt, and the Dervishes, balked, swept toward our center, upon which they concentrated a fierce attack.

A large force of horsemen, trying to face a continuous hail of bullets from the Cameron Highlanders, the Lincolnshire regiment and the Sudanese, was literally swept away, leading to the withdrawal of the entire body, whose dead strewn the field. The bravery of the Dervishes can hardly be overestimated.

The flower of the Khalifas army was caught in a depression and within a zone of withering crossfire from three brigades, with the attendant artillery. The devoted Mahdists strove heroically to make headway, but every rush was stopped, while their main body was literally mown down by a sustained deadly crossfire.

Defiantly the Dervishes planted their standards and died beside them. Their dense masses gradually melted to companies and the companies to dribbles beneath the leaden hail. Finally they broke and fled, leaving the field white with Jibbah-clad corpses, like a snow-drift dotted meadow.

MURDER

Of William Morgan by James Moberly Was Unprovoked.

Harrodsburg, Ky., Sept. 5.—William Morgan, a brother-in-law of Jack Chinn and uncle of Hon. J. Morgan Chinn, the victim of a relative's bullets and dirk knife, was buried Saturday afternoon in Spring Hill cemetery. The deceased was a popular man and the attendance at the funeral was the largest seen here in years.

In a cell in the county jail, less than two squares from the church, is James Moberly, who killed Morgan.

Moberly is and has been a member of the Mercer County Democratic Committee and was recently appointed an election officer under the Goebel law. He comes of a good family, being closely related to the late Governor Beriah Magoffin.

So far as developed the murder was unprovoked and the result of the irritable temper of the slayer, Morgan, after being shot twice in the chest in the breakfast room, knocked Moberly down with a chair, wrenched his pistol from him and threw it away, and was pursued by Moberly who, with a vicious knife, cut and stabbed his life away.

Child's Feet Burned Off.

Richmond, Ky., Sept. 5.—James Harris, colored, of this city went away from home, leaving his 3-year-old child asleep. Fire broke out during his absence, and when rescued by the fire department the child's feet were burned off.

100,000 TROOPS.

Spain Will Recruit the Ranks of Her Broken Army.

Madrid, Sept. 5.—The public appears but little interested in the forthcoming meeting of the cortes. General Weyler has arrived in Madrid.

The newspapers, it is understood, will be permitted to indulge in "fair comment" upon the proceedings in the cortes, unless the tactics of the opposition compel the government to resort to secret sittings.

The decision to call out 100,000 recruits to the ranks is regarded as a smart device to keep the younger men outside the Carlist movement.

Prominent Republican Politician Dead.

Terre Haute, Ind., Sept. 5.—Webb Casto died of apoplexy Saturday, at his home west of the city. He was an active Republican and was known to men of the party in all parts of the state by reason of his regular attendance on state conventions. He was born in this county in 1834, served in the war in the Eleventh Indiana volunteers, has been prominent in G. A. B. circles and was a Royal Arch Mason.

PANDO IN NEW YORK

Story of the Flight of Spanish General 'Unfounded.

DREYFUS CASE REVISION

French Cabinet Ministers Aware There Is Only One Way of Satisfying Public Feeling—Mme. Dreyfus' Appeal In Behalf of Her Husband to the Minister of Justice.

New York, Sept. 5.—The story from Havana that General Luis N. Pando, the former commander of the Spanish troops at Manzanillo, had secretly fled from Cuba on the French steamship Notre Dame Du Salut, for Spain, with 12,000,000 francs, was proved to be unfounded. When the Ward liner Philadelphia came to her dock on East River front yesterday General Pando was the first of the 42 passengers who arrived from Havana on the vessel to land. He was plainly dressed, and wore nothing to indicate his high rank in the Spanish army. He looks more like a Frenchman than a Spaniard, being short and stout and wearing a thick black beard. He claims to speak no English, and after arranging for the removal of his five pieces of baggage drove to a hotel, where he engaged a suite of rooms.

The customs officer, who examined General Pando's luggage, said that the visitor was well supplied with funds.

Chatting with some of the Spanish passengers during the voyage to this city, General Pando is said to have told of his recent experience in Mexico. While at the City of Mexico, according to the story, General Pando was the guest of the Marquis De Casnera. One night the general was aroused by the Marquis De Casnera screaming that there were thieves in the hacienda. In the dark corridor General Pando grappled with a man who he found there and was stabbed in the neck before he discovered that the supposed burglar was really the marquis, who had returned late from the theater. The wound was slight.

Owing to remarks made concerning the occurrence and reflections made on the character of the marquis by Baron Starke, the iron king of Durango, the Marquis De Casnera challenged him to a duel with pistols. The men met at Piedra Loma, in the state of Hidalgo, and both were wounded. The Marquis De Casnera was shot in the body and Starke lost one of his eyes. The Mexican authorities, upon learning of the duel, arrested the principals and the seconds, and Pando said he was anxious to know the outcome of the prosecution.

DREYFUS CASE.

French Cabinet Now Practically Unanimous For Revision.

Paris, Sept. 5.—Owing to the resignation of M. Godefroy Cavaignac of the ministry of war, President Faure returned to Paris yesterday and conferred with M. Delcasse, minister for foreign affairs, M. Bourgeois, minister of public education and General Zurlinden.

The cabinet will meet today expressly to deal with a request by Mme. Dreyfus for a revision of the proceeding of the courtmartial that condemned her husband.

As the cabinet is now practically unanimously in favor of revision—partly because the ministers are aware that there is no other method of satisfying public feeling—the outcome of the meeting is almost a foregone conclusion.

The name of General Saverre, formerly military governor of Paris, is mentioned in connection with the war office portfolio.

In her letter to M. Sarrien, the minister of justice, Mme. Dreyfus says she addresses him again, since he alone has the right to demand revision on the ground of a "new fact." She argues that Lieutenant Colonel Henry's admission of forgery deprives his depositions and acts of all weight, and concludes her appeal by calling upon M. Sarrien to "listen to the voice of public opinion and put an end to the punishment of a loyal and innocent man."

SUSPECTED PERSONS.

Being Shot by General Rios, Governor of Visayas.

Manila, Sept. 5.—According to advices from Iloilo General Rios, governor of the Visayas, is arresting and shooting suspected persons, including prominent natives of Manila.

The obstructions on the railway from Manila to Calocan have been removed and the first train left Saturday. It is expected that traffic will be resumed to the Dagupan terminus today.

Fire at Brownstown.
Saturday night about 10 o'clock the clothing store of James H. Findley in the I. O. O. F. building at Brownstown caught fire from some unknown cause and turned to the ground. The large stock of goods was a total loss and the interior of the building was burned out and the brick walls left standing. Loss on goods and building estimated from \$8,000 to \$9,000. Insurance on goods reported to be \$6,400, on building \$1,500.

Annual Meeting.
The annual meeting of the Christian churches of Jackson county held at Valleria Friday and Saturday, was quite a pleasant and successful meeting. Several from Seymour attended, as well as representatives of the several churches of the denomination in the county. Miss Carrie Howard, of this city, was among those on the program. Her paper was regarded with much favor, so much so that she was asked to read it the second day. The choir of the Seymour church furnished some of the music.

Changes in City Offices.

The terms of the mayor, clerk, treasurer, marshal and city judge expire today after a term of four years. Mayor Balsey becomes the ex-mayor today and A. W. Mills assumes the duties of that office. Jos. E. McKinney is succeeded by Ed. Jennings as city clerk. Treasurer Clark, Marshal Thicksten and Judge Hoover succeed themselves. Each one of these officers hold for a term of four years.

Mayor Balsey, who at once becomes a citizen of Indianapolis, bears with him to his new home the hearty good wishes of a host of friends here, who have known him as a citizen of Seymour for many years and as the chief executive of the city since his term began.

A. W. Mills, who becomes mayor of Seymour today, is one of our best known and most capable business men. He puts energy as well as ability into whatever he undertakes and therefore will make the city an excellent mayor, one who will industriously look after the welfare of Seymour and her citizens.

Jos. E. McKinney, who retires from the clerk's office after four years' of faithful service, has earned the gratitude of every citizen of Seymour. He has performed all his official duties well, has always been accommodating and clever to every one having business with him. He has been a superior official.

Ed. Jennings who assumes the duties of the clerk's office has had experience in that office before and is fully competent to do the work well.

The officers who hold over are all true and tried and there will be no perceptible difference between their new and old terms as city officials.

AT WORK AGAIN.

The City Schools Begin Work For the School Year Today.

The school bells rang in Seymour this morning announcing the opening day of the fall term of school. More than a thousand boys and girls responded and were enrolled at the morning session.

The morning session was spent in getting ready for work, in organizing classes and assigning lessons and directing the pupils what supplies to purchase.

The enrollment at the several buildings at the morning session was as follows: Shields, high school, 125, grade, 368, Laurel street, 127, 3rd ward 150, Park, 168, Lynn, 37. Besides these there were quite a number who came in this afternoon.

Work in all departments of the schools began this afternoon. Superintendent Montgomery is well pleased with the opening day and the prospects for a splendid year's work.
